“A really idiosyncratic musical brew.”

” . . .a cool and sometimes quirky act with players who know how to play.”

-The Roanoke Times (Roanoke, VA)

Whether revisiting a jazz classic through modern eyes, or performing new music already timeless, this group is guaranteed to bring you to an original new world. A truly eclectic group, their careful blend sounds equally at home in a 1950's Jazz Club, the streets of Rio De Janeiro, or in the Balkan Mountains of Eastern Europe without feeling either contrived or schizophrenic.

From 2006-2010, the Scott Kulick Trio have appeared regularly throughout Southwest Virginia. They have performed on a Roanoke Times TimesCast, as well as a live on WUVT in Blacksburg. In May of 2007 the Trio headlined the first *Tunes at Twilight* in Martinsville, VA. In 2011 the Scott Kulick group moved and is now available for performances in New York.

The Scott Kulick Trio is available for a wide range of performances, ranging from the intimate private party to large festivals.

Performance Length:

Three Sets (45 min each) or Two Sets (1 hr each).
